

FILTERBUY®

AIRMEGA AP-1512HHS

INSTALLATION INSTRUCTIONS

Filter Types: Pre-Filter, Max2 Filter (Activated Carbon Filter + True HEPA Filter)

INSTALLATION STEPS:

1**TURN OFF & UNPLUG THE UNIT:**

- Ensure the air purifier is powered down and unplugged for safety.

2**OPEN THE FRONT COVER:**

- Gently pull the upper part of the front cover to access the filters.

3**REMOVE OLD FILTERS:**

- Take out the pre-filter by pressing down on its top clip and pulling it out.
- Remove the Max2 Filter (a combination of the activated carbon filter and True HEPA filter).

4**PREPARE NEW FILTERS:**

- Unwrap the new filters from their packaging.
- Ensure each filter is free from plastic coverings before installation.

5**INSTALL NEW FILTERS IN THE FOLLOWING ORDER:**

- **Max2 Filter:** Insert first, ensuring the correct orientation.
- **Pre-Filter:** Attach last, securing it properly.

6**CLOSE THE FRONT COVER:**

- Align it back into position and press until it clicks securely.

7**RESET THE FILTER INDICATOR:**

- After replacing the filters, press and hold the filter reset button until the indicator light turns off.

Note: Regular maintenance includes cleaning the pre-filter every 2-4 weeks and replacing the Max2 Filter approximately every 12 months, depending on usage and air quality.
